

Week 1 Assignment - Git Commands

Task 1 – Create Repository and Upload File

```
mkdir practice-repo
cd practice-repo
git init
echo "My name is [Your Name]. I am a student. I am interested in programming and
technology." > about_me.txt
git add about_me.txt
git commit -m "Add about_me.txt file"
git remote add origin https://github.com/your-username/practice-repo.git
git branch -M main
git push -u origin main
```

Task 2 – Edit File and Make 3 Commits (On Different Days)

Day 1:

```
echo "I am learning Git and GitHub." >> about_me.txt
git add about_me.txt
git commit -m "Update about_me.txt - added learning Git"
```

Day 2:

```
echo "My goal is to become a professional developer." >> about_me.txt
git add about_me.txt
git commit -m "Update about_me.txt - added career goal"
```

Day 3:

```
echo "I enjoy solving problems and building projects." >> about_me.txt
git add about_me.txt
git commit -m "Update about_me.txt - added interests"
```

```
git push
```

Task 3 – Create hobbies.txt and Commit It

```
echo "Reading
Programming
Traveling"
```

```
Learning new technologies" > hobbies.txt  
git add hobbies.txt  
git commit -m "Add hobbies.txt file"  
git push
```
